MY PROMISE

I strive to provide all my clients with a level of service that exceeds the significance of the purchase they are about to make - in all probability the single largest investment of their lives. With every inspection comes years of education, training and professional experience. I share this special knowledge with you, my clients, to ensure that your investment decision is an informed one. I know there are many home inspectors for you to choose from, but if you honor me by permitting me to inspect your new home, I guarantee that I will give you my very best effort. This I promise you.
